WE ARE THE
SPECIAL ONE!

ONE SPECIAL CARGO

As ONE, our brand name represents our integrity as three leading marine transport companies working together to make a difference in the ocean freight industry. We have a rich history and experience in handling special cargo of all kinds. Whether you are looking to transport vehicles, yachts, small-sized aircrafts, over-sized machines, large factory components or any sorts of construction equipment, ONE has just the right people and expertise.

ONE employs teams of worldwide specialists who have the handling knowledge and skills to ensure your special cargo is shipped safely and efficiently to destinations around the globe. This in turn enables us to design customized and point-to-point integrated solutions. Hence, ensuring a peace of mind for your valued shipments. With our extensive international port coverage, on-time shipping schedule, well balanced equipment supplies and tailor-made customer service, ONE is definitely your ideal partner for the transportation of special cargo.

SPECIAL CARGO TYPES

In Gauge Cargo (IG)

Special cargoes which are transported using Flat Rack or Open Top containers, and are placed within the internal dimensions of the containers.

Out-of-Gauge Cargo (OOG)

Special cargoes which are also transported using Flat Rack or Open Top containers, despite having dimensions which exceed the width and/or height of the containers.

Breakbulk Cargo (BB)

Extra-large special cargoes which are transported using multiple Flat Rack containers. For example, luxury yachts, factory components, over-sized machines, trains, construction equipment, generators, etc.

ONE ADVANTAGE

ONE differentiates its special cargo service by offering such key value-added features:

Priority space planning and management of special cargo

Dedicated country specialists with expertise in local liaison

Point-to-point and hassle-free integrated solutions

Sizeable container fleet with extensive equipment/facilities support

Competitive pricing structure

Extensive worldwide port coverage with regular on-time weekly services

ONE SPECIAL CARGO CONTAINERS AND SPECIFICATIONS

FLAT RACK*

Flat Rack units have only a floor and walls at the front and rear. They have lashing rings in many location, making it easy to secure your special cargo.

“ONE has all it takes to safely and efficiently transport your special cargoes across the major trade lanes in the world”

Mr. Eka Prasetyo
Global Special Cargo Manager
Ocean Network Express (ONE)

ABOUT ONE

Founded from the legacy of three Japanese liner companies – ‘K’ Line, MOL and NYK, ONE (Ocean Network Express) is a major new container shipping company which was established in April 2018.

Globally headquartered in Singapore and with regional headquarters in Brazil, Hong Kong, the UK and the US, ONE presently dominates as the 6th largest container shipping company in the world and maintains a worldwide market share of 7%. With a sizeable fleet of over 250 vessels; an expanding service network which reaches beyond 120 countries internationally; and a dedication on enhanced service and innovation, ONE is well set to make waves in the ocean freight industry.

ONE positions itself as being “large enough to survive, yet small enough to care”. This guiding mantra predominantly stems from the long-standing emphasis of its three Japanese founders who consistently pride themselves on service quality and process excellence. These characteristics have therefore exemplified the core values of ONE, in terms of its focus on Quality, Reliability, Innovation and Customer Satisfaction. And in acknowledging the essence of togetherness as the primary facet to the delivery of ONE’s values, the statement of “As ONE We Can” was then introduced as the corporate slogan to further strengthen the service purpose of ONE.

“ONE Special Cargo team always strive for the highest possible customer satisfaction.

With a team of industry professionals around the globe, ONE will always deliver more than what is requested.”
